WHOLESALE

Wholesalers can choose to order from our available Cela product lines such as Robusta beans/ground coffee, 2in1/3in1 instant coffee, freeze dried 100% arabica instant coffee with bulk price or request to customize their own coffee tastes to distribute in Europe and other countries in the world.

SERVICES TO BUSINESSES AND HORECA CHANNEL

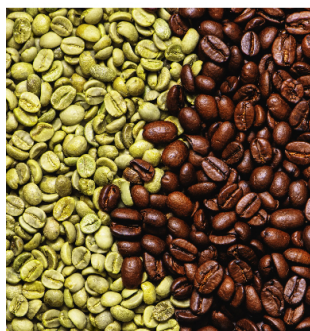

Companies, hotels, restaurants, and cafés are our primary customers. Silta Asia Oy offers free design service to its clients and the procurement of packaging materials and packaging for the required package design. In addition to Cela coffee brand items, we provide clients with the option of ordering coffee with their logo.

CUSTOMIZED COFFEE PRODUCTS

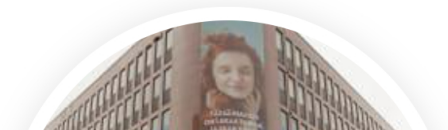

We provide coffee services tailored to customers' desires. Silta Asia Oy has an e-commerce website at <https://celacoffee.fi> that will allow consumers to build their coffee based on their favorite beans, Robusta and Arabica are two examples. We give our clients a low-risk, no-commitment trial version of the service.

ABOUT US

Silta Asia Oy

Silta Asia Oy is a food commerce company that was founded in 2018 by Cuc Pulli and Mauri Juhani. We have established a coffee brand named Cela that aims to bring coffee drinkers more choice and bring to life authentic Vietnamese flavors in a relentless quest to find the perfect cup of coffee.

Our coffee is made from the highest quality beans, and we value ourselves in having second to none customer service. We pride ourselves on being the company in Finland that provides companies and individuals with personalized coffee products. We encourage customers to build their very own coffee based on their preferences, using flavors that they desire and their favorite coffee beans.

WHAT MAKES CELA COFFEE DIFFERENT FROM ITS COMPETITORS?

Best in taste, best in coffee

Cela Coffee is a unique and high-quality coffee. All of our coffee is hand-picked and all-natural. We use the best coffee beans from sustainable sources, and we are against captive Luwak coffee. Cela coffee is roasted in small batches by master roasters using Arabica or Robusta beans. Most people don't realize how important freshness is to taste, but if you try our coffee and then another brand, you will notice a difference immediately.

We also craft our coffee with a high level of attention to detail, making sure to keep you happy through every sip. Our roasters work tirelessly to maintain a quality of coffee that's full-bodied and smooth, with no bitter aftertaste.

Fresh Coffee, refresh Memories

Cela coffee uses freshly grounded coffee beans, which doesn't only save costs and shorten the time between the coffee's freshness and when it reaches you, but also making sure that the taste and aroma are much more potent compared to instant coffees. We aim to give you an unforgettable experience with every cup of coffee served by providing uncompromising quality ingredients, unparalleled service from our team members, and great vibes. Cela coffee gives you the best coffee experience! Fresh coffee which refreshes memories! It doesn't get better than this!
